

COLORADANS CAN FIX OUR UNFAIR TAX SYSTEM

PROTECT COLORADO'S FUTURE

Take Action with Protect Colorado's Future

We're building a fairer, stronger Colorado—but we can't do it without you. Whether you're ready to volunteer, want to bring a presentation to your organization, or just want to stand with us, this is where you start.

Show your support

Show your support for the Graduated Income Tax and join the growing number of Coloradans standing up for a tax system that works for everyone—not just the wealthy few.

Volunteer

Help power the movement on the ground and online. We need volunteers to talk to neighbors, spread the word, and show up for tax fairness. You can also share your story, be trained as a spokesperson or tell us what you want to do.

Request a Presentation

Want your community, organization, book club, or network to learn more about the tax system and what we can do to fix it? Invite us to give a presentation and have a conversation.
