

A FAIR TAX SYSTEM THAT WORKS FOR ALL OF US

PROTECT COLORADO'S FUTURE

Colorado Thrives When Everyone Contributes Their Fair Share.

Coloradans work hard to make ends meet. Our tax system shouldn't get in the way of their success. We're fighting for a fair tax code that supports our schools, childcare, health care, and the future we all deserve.

Tax Fairness

Colorado's current tax system puts the largest burden on those who make the least.

A fairer, graduated income tax ensures the wealthiest contribute what they should—so **We Can All Thrive**.

Families Are Struggling

- Costs of living that keeps climbing
- Rising healthcare prices
- Underfunded schools
- Sky-high childcare costs

How Does It Work?

97%

OF COLORADANS
Pay the same or less

**ONLY
THE
TOP 3%**

THAT MAKES \$500K+
Pay a bit more

We Propose: Graduated Income Tax (GIT)

This simply means:

Those who earn more, contribute a little more. Those who earn less, contribute less.

Most states already use a graduated income tax — it's a system where people contribute based on what they earn. And it's a fair tax system.

GIT is a fair tax system.

THIS CAN RAISE ABOUT

\$2 Billion
a year

For Colorado healthcare,
schools, child care and more

PROTECT
COLORADO'S
FUTURE

Why it matters

A stronger, fairer future for everyone — where our state budget meets real needs and no one is left behind.

This isn't new — the federal government already uses a graduated income tax.
