

YES on AMENDMENT 87

THE INCOME TAX FAIRNESS ACT

Colorado's Tax System Is Broken.

Right now, a teacher making \$50,000 a year pays the same income tax rate as a millionaire or a giant corporation.

That's not fair, and it's a big reason schools, health care, and child care keep getting squeezed.

Let's Fix It.

Your change in state taxes under Income Tax Fairness:

Income:	Change in taxes owed:
Below \$25,000:	-\$9
\$25,001-\$50,000:	-\$119
\$50,001-\$100,000:	-\$210
\$100,001-\$200,000:	-\$298
\$200,001-\$500,000:	-\$325
\$500,001-\$1,000,000:	-\$325
\$1,000,001-\$2,000,000:	+\$4,764
\$2,000,001-\$5,000,000:	+\$13,914

- ✓ **Cuts taxes for 97% of Colorado taxpayers**, including teachers, nurses, seniors, veterans, & small businesses. No one making under \$500,000 pays a penny more.
- ✓ **Asks the wealthiest Coloradans and giant corporations** to finally pay their fair share.
- ✓ **100% locked in for K-12 schools, health care, and child care** — it can't be spent on anything else.

Vote YES on Amendment 87:

On your ballot, it's the measure with the income table on it!

Vote NO on Proposition 136 (The Millionaire Protection Act):

Proposition 136 is how the wealthy and giant corporations plan to kill a tax cut for 97% of Coloradans and protect their own low rates.
